BOARD OF APPEALS

SUBJECT: Case # CBA-13-022  
IN THE MATTER OF: Grace Stultz – Appellant/Applicant  
2760 Yarnall Rd, Baltimore, MD 21227

This correspondence is a follow-up to a Board of Appeals hearing held on April 3, 2013 for Mrs. Stultz. At that hearing, there was testimony presented by Mr. & Mrs. Stultz revealing information not previously provided to the County dealing with the degree of Mrs. Stultz's mobility limitations and her need for physical aids to provide for her mobility. In addition, there was testimony and photographs introduced at the hearing indicating that physical modifications had been made to the front entrance to their home to provide ramps to the front door for wheelchair access, and that those physical modifications had been made to the property subsequent to the County's evaluations of the conditions of the property. Based on the additional information and testimony provided to the Board, I indicated to the Board that the Division of Traffic Engineering might be able to grant an exception to Mrs. Stultz based on the information presented, provided that we could also gain certifying information from her physician with respect to her mobility issues and need for physical aides to provide for her mobility. At the hearing, I requested that the Board delay ruling on this issue until our office could see if there would be the feasibility of granting the exception.

We received the certifying information from Dr. Fer Eren by letter dated April 19, 2013. Therefore, based on the testimony and photographs presented to the Board, a re-examination of the property, and the information from Dr. Eren, we find that the Division of Traffic Engineering can grant an exception to Mrs. Grace Stultz under Item (3)(G) of the Baltimore County Policy on Reserved Parking Spaces for Persons with Physical Disabilities. The Motor Vehicle Administration (MVA) is being advised this same date that the County re-evaluated Mrs. Stultz's case and that we have approved the establishment of a reserved parking space for her and Mrs. Stultz is receiving a copy of that letter. A work order has been issued for installation of the signs and the MVA will send Mrs. Stultz the appropriate parking permit to go along with it.

Therefore, the County is requesting that the case be dismissed given that Mrs. Stultz's request for a reserved parking space is being met by the County. Should you have any questions regarding any of this information, please let me know.
