

DEPARTMENT OF ENVIRONMENTAL PROTECTION & SUSTAINABILITY

Interoffice Memo

TO: Steven A. Walsh, P.E.
Bureau of Engineering & Construction, Department of Public Works

FROM: Vincent J. Gardina */signed/*
Director, EPS

DATE: April 22, 2015

SUBJECT: CEDAR LANE – TMDL PROJECT
Stormwater Management Variance
Little Gunpowder Watershed
EPS Project ID: M150067
Tracking Number: 15-15-1976

This office has reviewed the information submitted and finds that a stormwater management variance can be granted for this project under Section 33-4-113 (a) (2) of Title 4 of the Baltimore County Code. This section of the regulations allows a stormwater management variance to be granted if there are exceptional circumstances such that strict adherence to the provisions of this article would result in unreasonable hardship or practical difficulty and not fulfill the intent of the regulations.

This project involves outfall stabilization. There will be no increase in impervious area or runoff as a result of this project so the rate and volume of runoff should not change.

Please contact Ed Schmaus of my staff at 410-887-3768 should you have any questions.
