**FINDINGS OF FACT AND CONCLUSIONS OF LAW**

This matter comes before this Deputy Zoning Commissioner as a Petition for Administrative Variance filed by the legal owners of the subject property, Sandra L. and Roy O. McCoy for property located at 321 Clyde Avenue. The variance request is from Section 1B02.3.A.1, Section III “A” Residence 5/1953 of the Baltimore County Zoning Regulations (“B.C.Z.R.”) to permit an addition with a side yard setback of 4 feet in lieu of the minimum required 7 feet. The subject property and requested relief are more particularly described on Petitioners’ Exhibit No. 1. Petitioners desire to construct an addition measuring 35 feet x 16 in size onto the rear and side of their home to accommodate the growing family. The current dwelling which was constructed in 1953 is modest in size at 700 square feet. The most affected property owner at 323 Clyde Avenue did not express any objection to the proposed addition.

The Zoning Advisory Committee (ZAC) comments were received and are made part of the record of this case. The comments indicate no opposition or other recommendations concerning the requested relief.

The Petitioners having filed a Petition for Administrative Variance and the subject property having been posted on July 11, 2010 and there being no request for a public hearing, a decision shall be rendered based upon the documentation presented.

The Petitioners have filed the supporting affidavits as required by Section 32-3-303 of the Baltimore County Code. Based upon the information available, there is no evidence in the file to indicate that the requested variance would adversely affect the health, safety or general welfare of the public and should therefore be granted. In the opinion of the Deputy Zoning Commissioner, the information, photographs, and affidavits submitted provide sufficient facts that comply with the requirements of Section 307.1 of the B.C.Z.R. Furthermore, strict compliance with the B.C.Z.R. would result in practical difficulty and/or unreasonable hardship upon the Petitioners.

Pursuant to the posting of the property and the provisions of both the Baltimore County Code and the Baltimore County Zoning Regulations, and for the reasons given above, the requested variance should be granted.

THEREFORE, IT IS ORDERED, by the Deputy Zoning Commissioner for Baltimore County, this 5<sup>th</sup> day of August, 2010 that an Administrative Variance from Section 1B02.3.A.1, Section III “A” Residence 5/1953 of the Baltimore County Zoning Regulations (“B.C.Z.R.”) to permit an addition with a side yard setback of 4 feet in lieu of the minimum required 7 feet is hereby GRANTED, subject to the following:

1. The Petitioners may apply for their building permit and be granted same upon receipt of this Order; however, Petitioners are hereby made aware that proceeding at this time is at their own risk until such time as the 30 day appellate process from this Order has expired. If, for whatever reason, this Order is reversed, the Petitioners would be required to return, and be responsible for returning, said property to its original condition.

Any appeal of this decision must be made within thirty (30) days of the date of this Order.
