OPINION AND ORDER

This matter comes before the Office of Administrative Hearings (OAH) as a Petition for Administrative Variance filed by the legal owners of the property, Leonard J. and Karen Zimmerer. The Petitioners are requesting Variance relief from §1A01.3.B.3 of the Baltimore County Zoning Regulations (B.C.Z.R.), to permit an addition with a side yard setback of 13' in lieu of the required 35'. The subject property and requested relief is more fully depicted on the site plan that was marked and accepted into evidence as Petitioners' Exhibit 1.

The Zoning Advisory Committee (ZAC) comments were received and are made part of the record of this case. A ZAC comment was received from the Department of Environmental Protection and Sustainability (DEPS) dated April 22, 2013, indicating that a future building permit for an addition must be reviewed by Groundwater Management since the house is served by well and septic.

In addition, it is to be noted that a letter of support was received from Charles L. and Mary E. Slomba (11757 Camp Cone Road) who had no objection to the requested relief.

The Petitioners having filed a Petition for Administrative Variance and the subject property having been posted on April 14, 2013, and there being no request for a public hearing, a decision shall be rendered based upon the documentation presented.

The Petitioners have filed the supporting affidavits as required by Section 32-3-303 of the Baltimore County Code (B.C.C.). Based upon the information available, there is no evidence in the file to indicate that the requested variance would adversely affect the health, safety or general welfare of the public and should therefore be granted. In the opinion of the Administrative Law Judge, the information, photographs, and affidavits submitted provide sufficient facts that comply with the requirements of Section 307.1 of the B.C.Z.R. Furthermore, strict compliance with the B.C.Z.R. would result in practical difficulty and/or unreasonable hardship upon the Petitioners.

Pursuant to the posting of the property and the provisions of both the Baltimore County Code and the Baltimore County Zoning Regulations, and for the reasons given above, the requested variance should be granted.

THEREFORE, IT IS ORDERED, this 8th day of May, 2013, by the Administrative Law Judge for Baltimore County, that the Petition for Variance from §1A01.3.B.3 of the Baltimore County Zoning Regulations (B.C.Z.R.), to permit an addition with a side yard setback of 13' in lieu of the required 35', be and is hereby GRANTED.

The relief granted herein shall be subject to the following:

1. The Petitioners may apply for their appropriate permits and be granted same upon receipt of this Order; however, Petitioners are hereby made aware that proceeding at this time is at their own risk until such time as the 30-day appellate process from this Order has expired. If, for whatever reason, this Order is reversed, Petitioners would be required to return, and be responsible for returning, said property to its original condition.
2. The Petitioners must comply with the ZAC comments received from the Department of Environmental Protection and Sustainability (DEPS) dated April 22, 2013; a copy of which is attached and made a part thereof.

Any appeal of this decision must be made within thirty (30) days of the date of this Order.

Signed
JOHN E. BEVERUNGEN
Administrative Law Judge
for Baltimore County
