RE: Assignment of your community solar subscription

Dear <FIRSTNAME>,

We have some news that we're excited to share. We have changed your community solar project from the Westminster project, which was under ICFTS MD Solar LLC, to a new, larger project. This will enable us to serve more customers, have a greater environmental impact, while having absolutely no impact on your contract terms and conditions.

We're calling our new projects Dogwood A/B. It's two projects that are right next to each other in Baltimore County near Milford Mill and the Patapsco Valley State Park. The two projects together are about 3.8 megawatts, with 11,000 solar panels. We expect to support about 700 homes all together.

This is your formal notice, as required by COMAR 20.62.05.13 (A1) that we are assigning your contract from ICFTS MD Solar LLC (SO# 18A2205660004072) to Dogwood Rd Solar, LLC (SO# 18A2213220004103) per section 9A of your Subscription Agreement. This assignment is effective as of <INSERT DATE>.

Your contract terms remain exactly the same for the remainder of the contract term.

If you would like to contact us with any questions please feel free to call us at 240-284-6245 or via email at hello@neighborhoodsun.solar.

We hope you are excited as we are about the chance to grow more solar right here in the heart of Maryland!

Sincerely,

Gary Skulnik
